DESCRIPTION

2023 JEEP GRAND CHEROKEE 4XE TRAILHAWK

The Jeep Grand Cherokee TRAILHAWK 4X4 plug in hybrid SUV lets you choose one of three driving modes where you can save fuel, save the charge for future use, or let the vehicle automatically adjust it for you. No range anxiety in this on-road or off-road model. The bright white with black/blue graphics contrasts nicely with the leather/suede interior finished in black. Equipped with Jeep's ProTech group and the luxury group, you'll appreciate the premium features in your award-winning SUV. Enjoy your travels knowing you're saving fuel while your front passenger experiences the HDMI streaming of the front interactive screen, strategically designed to not distract the driver. Plug it in at night just like your phone and let your 4xe charge up overnight, and do your tomorrow all over again. You must try the one pedal driving capabilities by selecting the maximum regenerative charging!
